

# Foundation Home Learning

Montpelier  
Primary School

*Learning Together  
Achieving Success*

21<sup>st</sup> – 25<sup>th</sup> January 2019

This week in Foundation has been filled with super learning, enthusiastic team work and looking after each other - we have lots of sickness, colds and sniffles going around. Our Golden Learning Behaviour this week has been 'Love a Challenge' and the children have certainly applied this daily.

This week in Phonics Len has introduced our new digraphs **ai**, **oo (moon)** and **oo (look)** plus tricky words **my** and **her**. If you would like any ideas or resources to help support your children at home please ask your class teacher. Now the children are learning digraphs, it enables them to access so many more wonderful stories and words to read independently. Please do keep encouraging their reading at home and in the environments all around you - at least three times weekly.

This week our learning in Literacy has been based around the Spinderella. We have been practising writing words and sentences and also looking at non-fiction mini beast books. The children have made paper mache Spinderella to decorate our classrooms - it was a lot of fun and very messy!

In maths we have been using Spinderella to talk about more and less - using a spider to see if we can put the same amount of legs on each side. Sometimes the spider had 7 on one side and 1 on another and we had to work out which had more and which had less

Home Learning:

- **Can you go make, draw, paint, create the character of the group your child is in (they should know)? Please upload any photos of your child making these on Tapestry as we would like to print them off and display the photos in some wonderful Gruffalo picture frames we have been given**

Coffee Morning - On Tuesday morning at 8.50 - 9.30am Miss Tickle will be opening up the school café for Foundation parents to pop in and have a chat - I would love to see as many of you as possible!
