Child Protection and Safeguarding Policy and Procedures

Policy Name	Child Protection and Safeguarding
Review and Approval by	Local Governing Board
Date Ratified	10.6.19
Signed By	
Position	Chair of Local Governing Body
Review Period for this Policy	Annual
Date for Future Review	June 2020

Implementation of this policy supports the duties to promote equality of opportunity and positive attitudes in relation to disability, gender and race and to eliminate discrimination on the grounds of age, disability, gender, race, religion or belief and sexual orientation.

	Date	Changes
23.9.19	Page 3	amendments to Safeguarding Team including new SENCO, new LADO safeguarding governor reference to Keeping Children Safe 2019
	Page 4	Clarity on three local safeguarding partners for our school
	Page 9	Replaced flowchart to reflect Keeping Children Safe 2019 information
	Page 10	Upskirting added to Peer on Peer Abuse

1. Aims

The school aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues

Safeguarding Team

Designated Safeguarding Lead	Tracy Spragg	tracyspragg@mpsplymouth.net
Deputy Designated Safeguarding Lead	Aaron West	aaronwest@mpsplymouth.net
Human Resources Manager ISP	Arlene Mclaughlin	amclaughlin@sdcc.net
Administration Team (Montpelier)	Christine Simpson	chrissimpson@mpsplymouth.net
	Jacquie Sullivan	jacquiesullivan@mpsplymouth.net
SENCO / Early Years	Sarah Green	sarahgreen@mpsplymouth.net
Parent Support Adviser	Jane Gilbert	janegilbert@mpsplymouth.net
E- Safety	Paul Farr	paulfarr@mpsplymouth.net
Chair of Governors	Wendy Tout	wendytout@mpsplymouth.net
Safeguarding Governor	Gemma Scott	gemmascott@mpsplymouth.net
Local Authority Designated Officer	Marie Partridge	lado@plymouth.gov.uk

2. Legislation and statutory guidance

This policy is based on the Department for Education's statutory guidance Keeping Children Safe in Education (2019), Working Together to Safeguard Children (2018) and What to do if you are worried a Child is being abused (2015) and the Governance Handbook. We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners.

This policy is also based on the following legislation:

- Section 175 of the Education Act 2002, which places a duty on schools and local authorities to safeguard and promote the welfare of pupils
- The School Staffing (England) Regulations 2009, which set out what must be recorded on the single central record and the requirement for at least one person conducting an interview to be trained in safer recruitment techniques
- Part 3 of the schedule to the Education (Independent School Standards) Regulations 2014, which places a duty on academies and independent schools to safeguard and promote the welfare of pupils at the school
- The Children Act 1989 (and 2004 amendment), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the Serious Crime Act 2015, which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- Statutory guidance on FGM, which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- The Rehabilitation of Offenders Act 1974, which outlines when people with criminal convictions can work with children

- Schedule 4 of the Safeguarding Vulnerable Groups Act 2006, which defines what 'regulated activity' is in relation to children
- Statutory guidance on the Prevent duty, which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism

This policy also complies with our funding agreement and articles of association.

Montpelier Primary also follows local guidance in the Plymouth Assessment Framework. Plymouth Safeguarding Children Board and the South West Child Protection Website (www.swcpp.org.uk)

3. Definitions

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Sexting (also known as youth produced sexual imagery) is the sharing of sexual imagery (photos or videos) by children

Children includes everyone under the age of 18.

Staff applies to all those working for or on behalf of the school, full time or part time, in either a paid or voluntary capacity. This includes parents, grandparents, volunteers and students

Parents refers to birth parents and other adults in a parenting role, for example: adoptive parents, step parents, guardians and foster care

The following **3 safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- Plymouth City Council and Torbay Council
- NHS Devon Clinical Commissioning Group (Health)
- Devon and Cornwall Police

4. Equality statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs (SEN) or disabilities (see section 9)
- Are Young Carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language

- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after

The school has a Single Equality Policy that has a section on addressing prejudice and prejudice based bullying. This includes information about what the school, through education, challenge and discussion, will do to ensure incidents do not happen.

Racism is tackled in both the RE, through assemblies and in the PSHE curriculum. The children will take part in discussions designed to raise awareness and address prejudices. This work ensures that racial tolerance is at the forefront of everything we do.

Our policy on racist incidents is set out in our Anti- Bullying Policy and acknowledges that repeated racist incidents or a single serious incident may lead to consideration under child protection procedures.

5. Roles and responsibilities

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of the 3 safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

5.1 All staff

All staff will read and understand part 1 and Annex A of the Department for Education's statutory safeguarding guidance, Keeping Children Safe in Education, and review this guidance at least annually.

All staff will be aware of:

- Our systems which support safeguarding, including this child protection and safeguarding policy, the staff code of conduct, the role and identity of the designated safeguarding lead (DSL) and safeguarding team, the behaviour policy, and the safeguarding response to children who go missing from education
- The early help process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), FGM and radicalisation

Section 13 and appendix 4 of this policy outline in more detail how staff are supported to do this.

5.2 The designated safeguarding lead (DSL)

The DSL is a member of the senior leadership team. Our DSL is Tracy Spragg and our DDSL is Aaron West takes lead responsibility for child protection and wider safeguarding.

During term time, the DSL or DDSL will be available during school hours for staff to discuss any safeguarding concern

The DSL and Safeguarding Team can be contacted by email admin@mpsplymouth.net

On the rare occasions, when the DSL and DDSL is unavailable, the SENCO will deputise

The DSL will be given the time, funding, training, resources and support to:

- Provide advice and support to other staff on child welfare and child protection matters
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- Contribute to the assessment of children

- Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly

The DSL will also keep the Headteacher informed of any issues, and liaise with local authority case managers and designated officers for child protection concerns as appropriate.

The full responsibilities of the DSL and Deputy DSL are set out in their job description.

5.3 The governing body

The governing body will approve this policy at each review, ensure it complies with the law and hold the Headteacher to account for its implementation.

The governing board will appoint a senior lead governor to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL.

The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the Headteacher, where appropriate (see appendix 3).

All governors will read Keeping Children Safe in Education.

Section 18 has information on how governors are supported to fulfil their role.

5.4 The Headteacher

The Headteacher is responsible for the implementation of this policy, including:

- Ensuring that staff (including temporary staff) and volunteers are informed of our systems which support safeguarding, including this policy, as part of their induction
- Communicating this policy to parents when their child joins the school and via the school website
- Ensuring that the DSL and DDSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)

6. Confidentiality

The school will follow the principle set out in Keeping Children Safe in Education which indicates that fears around sharing information cannot be allowed to stand in the way of the need to promote the welfare and protect the safety of children.

We recognise that all matters relating to child protection are confidential.

- The Designated Person will disclose personal information about a child or young person to other members of staff on a need to know basis only.
- All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.
- All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or well-being or that of another.
- We will always undertake to share our intention to refer a child to Social Care with their parents /carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, we will consult with the DSL or members of the safeguarding team or Social Care on this point.

Further information may be found in our Data Protection Policy.

7. Recognising abuse and taking action

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

Please note – in this and subsequent sections, you should take any references to the DSL to mean "the DSL (or deputy DSL)".

7.1 If a child is suffering or likely to suffer from harm, or in immediate danger

Make a referral to children's social care and/or the police **immediately** if you believe a child is suffering or likely to suffer from harm, or in immediate danger. **Anyone can make a referral.**

Tell the DSL (see section 5.2) as soon as possible if you make a referral directly.

The Plymouth Assessment Framework will give you guidance on how to do this.

http://www.plymouthscb.co.uk/plymouth-assessment-framework/

https://www.gov.uk/report-child-abuse-to-local-council

7.2 If a child makes a disclosure to you

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- Stay calm and do not show that you are shocked or upset
- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- Write up your conversation as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it
- Record the incident on CPOMS and alert the DSL/DDSL. Alternatively, if appropriate, make a referral to children's social care and/or the police directly (see 7.1), and tell the DSL as soon as possible that you have done so

7.3 If you discover that FGM has taken place or a pupil is at risk of FGM

The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4.

This school recognises that it will be rare to see visual evidence that an act of FGM has taken place and that it should not be examining pupils but the definition of what is meant by 'to discover that an act of FGM appears to have been carried out' is used for all professionals to whom the mandatory duty applies.

Any teacher who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a **pupil under 18** must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have good reason not to, they should also discuss the case with the DSL/DDSl and involve children's social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out must speak to the DSL and follow our local safeguarding procedures.

7.4 If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)

Figure 1 illustrates the procedure to follow if you have any concerns about a child's welfare.

Where possible, speak to the DSL/DDSL first to agree a course of action.

If in exceptional circumstances the DSL/DDSL is not available, this should not delay appropriate action being taken. Speak to a member of the safeguarding team (SENCO firstly) and/or take advice from local authority children's social care. You can also seek advice at any time from the NSPCC helpline on 0808 800 5000.

Make a referral to local authority children's social care directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible.

Early help

If early help is appropriate, the DSL or DDSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

The DSL and Safeguarding Team will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

The Early Help Assessment is a way of gathering information about the family and using it to decide on what type of support is needed, if any, to help. The assessment builds on the family's strengths. The assessment is voluntary – the child can choose to be involved. The process can be found on the Plymouth Online Directory (POD)

https://www.plymouthonlinedirectory.com/kb5/plymouth/directory/advice.page?id=fQRAxe4qMek

Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL or DDSL will make the referral or support staff to do so.

If you make a referral directly (see section 7.1), you must tell the DSLor DDSL as soon as possible.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

http://www.plymouthscb.co.uk/plymouth-assessment-framework/

7.5 If you have concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above).

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include Channel, the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

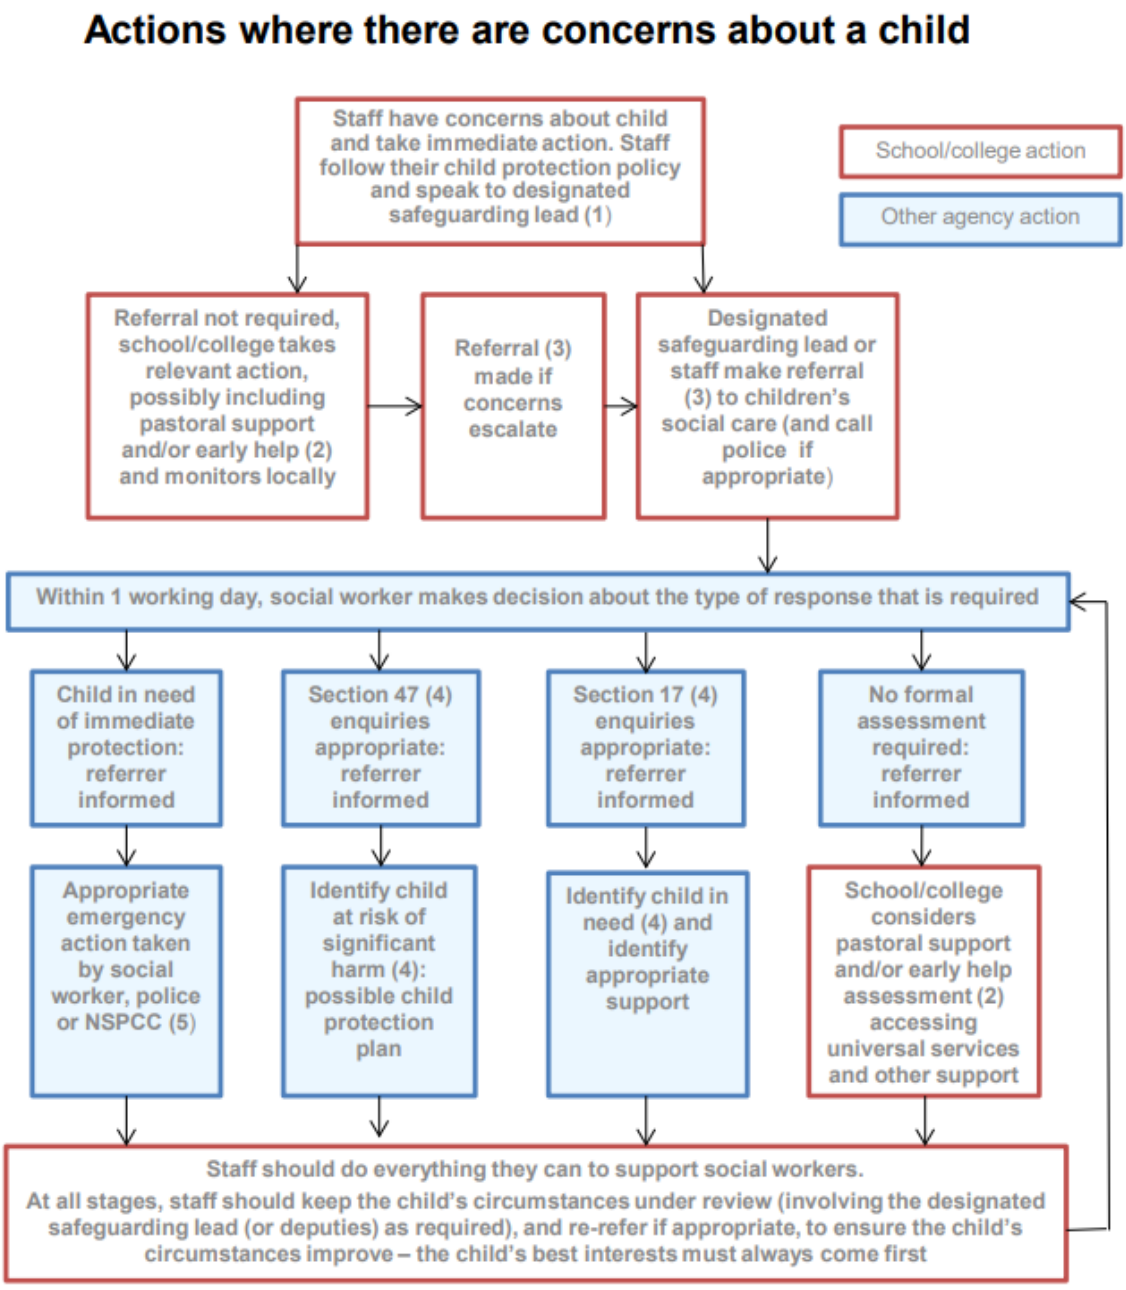

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group

- See or hear something that may be terrorist-related

Figure 1: procedure if you have concerns about a child's welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)

(Note – if the DSL is unavailable, this should not delay action. See section 7.4 for what to do.)

(1) In cases which also involve a concern or an allegation of abuse against a staff member, see Part four of this guidance.

(2) Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of Working Together to Safeguard Children provides detailed guidance on the early help process.

(3) Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of Working Together to Safeguard Children.

(4) Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of Working Together to Safeguard Children.

(5) This could include applying for an Emergency Protection Order (EPO).

7.6 Concerns about a staff member or volunteer

All school staff should take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents to be conducted in view of other adults. (Further information around these matters can be found in the 'Guidance for Safer Working Practices for Adults who work with Children and Young People).

All staff should be aware of the school's Behaviour Policy and the Volunteers Policy. This can be found in the 'Staff Resources' network location (Drive R) in the 'DfE Statutory Polices Documents' folder.

If you have concerns about a member of staff or volunteer, or an allegation is made about a member of staff or volunteer posing a risk of harm to children, speak to the Headteacher. If the concerns/allegations are about the Headteacher, speak to the chair of governors.

The Headteacher/Chair of Governors will then follow the procedures set out in appendix 3, if appropriate.

7.7 Allegations of abuse made against other pupils (Peer on Peer Abuse)

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up".

We also recognise the gendered nature of peer-on-peer abuse (i.e. that it is more likely that girls will be victims and boys perpetrators). However, all peer-on-peer abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school's Behaviour Policy, Anti- Bullying Policy and the Peer On Peer Abuse guidance but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent (including sexual violence)
- Upskirting - (Taking pictures under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, cause harm, humiliation, distress or alarm.)
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil:

- You must record the allegation and tell the DSL, but do not investigate it
- The DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

We will minimise the risk of peer-on-peer abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum (lessons and assemblies) helps to educate pupils about appropriate behaviour and consent
- Ensuring pupils know they can talk to a trusted adult if someone is behaving in a way that makes them feel uncomfortable
- Ensure pupil views about bullying are represented through our pupil voice group
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

7.8 Sexting

Your responsibilities when responding to an incident

If you are made aware of an incident involving sexting (also known as '**youth produced sexual imagery'**), you must report it to the DSL, DDSL immediately.

You must **not**:

- **View, download or share the imagery yourself, or ask a pupil to share or download it. If you have already viewed the imagery by accident, you must report this to the DSL**
- **Delete the imagery or ask the pupil to delete it**
- **Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)**
- **Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers**
- **Say or do anything to blame or shame any young people involved**

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL/ DDSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the imagery in order to safeguard the young person (in most cases, imagery should not be viewed)
- What further information is required to decide on the best response
- Whether the imagery has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images from devices or online services
- Any relevant facts about the pupils involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved (in most cases parents should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- What the DSL knows about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the imagery is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of the imagery (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the Headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care.

Further review by the DSL

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review.

They will hold interviews with the pupils involved (if appropriate) to establish the facts and assess the risks.

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done through our police community support officer, local neighbourhood police, logging it on Devon and Cornwall Police web site or dialling 101.

Recording incidents

All sexting incidents and the decisions made in responding to them will be recorded on CPOMS. The record-keeping arrangements set out in section 12 of this policy also apply to recording incidents of sexting.

Curriculum coverage

Pupils are taught about the issues surrounding sexting as part of our PSHE education, and computing curriculum when we focus on social media

8. Notifying parents

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents about any such concerns following consultation with the DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.

9. Pupils with special educational needs and disabilities

We recognise that pupils with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
- Pupils being more prone to peer group isolation than other pupils
- The potential for pupils with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in overcoming these barriers

We offer extra pastoral support for pupils with SEN and disabilities.

10. Mobile phones and cameras

At Montpelier Primary School we have taken a sensible and balanced approach to photographing and videoing children on the school site. We have a formal policy (Use of Photographic &Video images of Children Policy) regarding "taking photographs and video images of children" and a copy of the document is available from the school website.

Taking photographs and video images of children's achievements and activities is a wonderful way of capturing a memory and promoting successes. The policy document explains, in detail, the school's requirement to obtain parental permission (where necessary) while taking such images and the safeguards in place to ensure anonymity (wherever possible) in their usage.

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present. Staff members' personal phones will remain in their bags or cupboards during contact time with pupils.

Staff will not take pictures or recordings of pupils on their personal phones or cameras, they will use school equipment.

We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.

Permission to take photographs and videos is sought on the Use of Photographic Images /Recordings Consent Form

11. Internet/Online Safety

The school Internet/Online Safety Policy set out in a separate document states that children are encouraged to use the internet in a safe way.

Parents will be asked to give permission for their children to use the internet on entry to the school (Use of Website and Internet Consent Form)

Parents, children and staff must sign an appropriate usage form to ensure that they understand the risks and sanctions relating to misuse of the IT system in and beyond the school. If staff know of misuse, either by a teacher, other staff member, volunteer or child, the issue must be reported to the Headteacher without delay.

The Headteacher has overall responsibility for internet safety and will have access to all email addresses provided.

The school follows guidelines for Internet use/Online safety laid down by a range of organisations including the Smoothwall, our safeguarding partner, NSPCC and Teaching Online Safety in School Guidance

The school will ensure that:

- software is in place to minimise access and to highlight any person accessing inappropriate sites or information;

- pupils will be encouraged to discuss, openly, their use of technology and anything which makes them feel uncomfortable. (If this results in child protection concerns, the DSL should be informed immediately);

- every effort is made to encourage pupils not to give out their personal details, phone numbers, school, home addresses, computer passwords etc;

12. First Aid and Supporting Pupils with Medical Conditions

12.1 In the school, all staff members are trained to oversee first aid.

When a child is unwell, or has suffered an accident in school, or on the school grounds, the following steps are followed:

Step 1: A trained first aider is immediately called to provide assistance and advice.
Step 2: The incident/accident is logged in the incident/accident register.
Step 3: The parent is notified of the incident/accident as soon as necessary.
Step 4: The school holds a record of the incident/accident

12. 2 Supporting Pupils in School with Medical Conditions

The school will ensure that relevant staff are trained to administer medicines, following the guidelines outlined in the school policy Supporting Pupils with Medical Conditions

13. Site Security

Montpelier Primary School aims to provide a secure school site and recognises that the site is only as secure as the people who use it. Therefore, all people on the site have to adhere to the rules that govern it. It is recognised that laxity can cause potential problems to safeguarding and so the school ensures that:

- gates are locked except at the start and end of each day;
- gates are kept closed to prevent intrusion;
- whenever possible visitors and volunteers only enter through the main pedestrian entrance and must sign in at the office;
- children are only allowed home with adults/carers with parental responsibility or confirmed permission has been received in advance;
- empty classrooms have closed windows;
- children are not allowed to leave school alone during school working hours and, if collected by an adult (whose responsibility for the child has been confirmed beforehand), signed out;
- should a child leave the school premises, without permission, then staff have been informed never to chase after a child, but rather to report immediately to the Headship team.

14 Health & Safety

Our Health & Safety Policy, set out in a separate document, reflects the consideration we give to the protection of our children, both physically within the school environment, and when away from the school, when undertaking school trips and visits.

The Headteacher, with the site supervisor oversee the policy and 'Person in Control (PIC)' log book. Any concerns from staff or children are reported to any of these individuals and the site supervisor carries out an initial examination, assessing what remedial action needs to take place.

Each term there is a fire drill that practices the efficient evacuation from the school buildings. The school conducts an annual fire risk assessment.

Lock down procedures are set out in the Emergency Response Plan

There is an Emergency Response Plan that details what staff should do in the case of emergencies

15. Physical Intervention/Positive Handling

Our policy on physical intervention/positive handling by staff is set out separately, as part of our school Behaviour Policy.

Such events should be recorded and signed by a witness or witnesses.

Staff that are likely to need to use physical intervention will be appropriately trained in accordance with agreed standards.

We understand that physical intervention of a nature which causes injury or distress to a child may be considered under child protection or disciplinary procedures.

16. Complaints and concerns about school safeguarding policies

16.1 Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see appendix 3).

16.2 Other complaints

The procedure for making a complaint is set out in the school's Complaints Policy which can be accessed from is on the Montpelier Primary website.

16.3 Whistle-blowing

The procedure for raising concerns or making a disclosure is set out in the school's Whistleblowing Policy which can be accessed from the Montpelier website and a paper copy can be found on the Safeguarding Board in the Staff Room.

17. Record-keeping

We will process personal data securely and protect it against unauthorised or unlawful access, alteration, processing or disclosure and against accidental or unlawful loss, destruction or damage. Records will be held, stored, retained and destroyed in accordance with our Data Protection Policy

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing on CPOMs. If you are in any doubt about whether to record something, discuss it with the DSL.

Non-confidential records will be easily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

Full details of how we secure and store records are contained in the school's Data Protection Policy

In addition:

- Appendix 2 sets out our policy on record-keeping specifically with respect to recruitment and pre-employment checks
- Appendix 3 sets out our policy on record-keeping with respect to allegations of abuse made against staff

18. Training

18.1 All staff

All staff members will undertake safeguarding and child protection training at induction, including whistle-blowing procedures, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect. This training will be regularly updated and will be in line with advice from the 3 safeguarding partners.

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates (for example, through emails, e-bulletins and staff meetings) as required, but at least annually.

Volunteers will receive appropriate training, if applicable.

18.2 The DSL and the Inclusion Team

The DSL/DDSL will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They will also undertake Prevent awareness training.

18.3 Governors

All governors receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities.

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the Headteacher, they receive training in managing allegations for this purpose.

18.4 Recruitment – interview panels

At least one person conducting any interview for a post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of the Department for Education's statutory guidance, Keeping Children Safe in Education, and will be in line with local safeguarding procedures.

18.5 Staff who have contact with pupils and families

All staff who have contact with children and families will have access to supervision, where required, which will provide them with support, coaching and training, promote the interests of children and allow for confidential discussions of sensitive issues.14. Monitoring arrangements

This policy will be reviewed **annually** by the Safeguarding Governor. At every review, it will be approved by the full governing board.

19 Links with other policies

This policy links to the following policies and procedures:

- Behaviour

- Managing Self Harm
- Positive Handling
- Volunteers in school Policy

Non-statutory

- Alternative Provision
- Children missing education

These appendices are based on the Department for Education's statutory guidance, Keeping Children Safe in Education.

Appendix 1: types of abuse

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- Seeing or hearing the ill-treatment of another
- Serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- Physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing
- Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Appendix 2: safer recruitment and DBS checks – policy and procedures

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

New staff

When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will not keep a copy of this for longer than 6 months
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK, including (where relevant) any teacher sanctions or restrictions imposed by a European Economic Area professional regulating authority, and criminal records checks or their equivalent
- Check that candidates taking up a management position are not subject to a prohibition from management (section 128) direction made by the secretary of state

We will ask for written information about previous employment history and check that information is not contradictory or incomplete.

We will seek references on all short-listed candidates, including internal candidates, before interview. We will scrutinise these and resolve any concerns before confirming appointments. The references requested will ask specific questions about the suitability of the applicant to work with children.

Regulated activity means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children; or
- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children; or
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- We believe the individual has engaged in relevant conduct; or
- The individual has received a caution or conviction for a relevant offence, or there is reason to believe the individual has committed a listed relevant offence, under the Safeguarding Vulnerable Groups Act 2006 (Prescribed Criteria and Miscellaneous Provisions) Regulations 2009; or
- The 'harm test' is satisfied in respect of the individual (i.e. they may harm a child or vulnerable adult or put them at risk of harm); and

- The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out as for any other member of staff

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- Obtain 2 references for the volunteer
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment
- Volunteers, regardless of DBS status, must not be left to supervise children on their own

Governors

All governors will have an enhanced DBS check without barred list information.

They will have an enhanced DBS check with barred list information if working in regulated activity.

.All proprietors, trustees, local governors and members will also have the following checks:

- A section 128 check (to check prohibition on participation in management under section 128 of the Education and Skills Act 2008).
- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

All governors will also have the following checks:

- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

Staff working in alternative provision settings

Where we place a pupil with an alternative provision provider, we obtain written confirmation from the provider that they have carried out the appropriate safeguarding checks on individuals working there that we would otherwise perform. Their attendance will be check daily and our attendance procedures followed. (See Alternative Provision Policy)

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

Pupils staying with host families

Where the school makes arrangements for pupils to be provided with care and accommodation by a host family to which they are not related (for example, during a foreign exchange visit), we will request enhanced DBS checks with barred list information on those people.

Where the school is organising such hosting arrangements overseas and host families cannot be checked in the same way, we will work with our partner schools abroad to ensure that similar assurances are undertaken prior to the visit.

Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff and and wear an appropriate coloured lanyard at all times, according to their DBS clearance.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification and will be asked to sign in using our Inventory system...

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or
- The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times (unless DBS evidence has been provided prior to visit). We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Appendix 3: allegations of abuse made against staff

This section of this policy applies to all cases in which it is alleged that a current member of staff or volunteer has:

- Behaved in a way that has harmed a child, or may have harmed a child, or
- Possibly committed a criminal offence against or related to a child, or
- Behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children

It applies regardless of whether the alleged abuse took place in the school. Allegations against a teacher who is no longer teaching and historical allegations of abuse will be referred to the police.

We will deal with any allegation of abuse against a member of staff or volunteer very quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension

Suspension will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that it might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents have been consulted
- Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work for the Trust.

Definitions for outcomes of allegation investigations

- **Substantiated:** there is sufficient evidence to prove the allegation
- **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive
- **False:** there is sufficient evidence to disprove the allegation
- **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)
- **Unfounded**: to reflect cases where there is no evidence or proper basis which supports the allegation being made

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the Principal (or chair of governors where the Principal is the subject of the allegation) – the 'case manager' – will take the following steps:

- Immediately discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children's social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)

- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children's social care services, where necessary). Where the police and/or children's social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate
- **If immediate suspension is considered necessary**, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate.
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- Keep the parents or carers of the child/children involved informed of the progress of the case and the outcome, where there is not a criminal prosecution, including the outcome of any disciplinary process (in confidence)
- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the academy will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Timescales

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious will be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, we will institute appropriate action within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, we will hold this within 15 working days

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority designated officer (LADO) whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the case manager and the school's personnel adviser will discuss with the designated officer whether to make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the case manager and personnel adviser will discuss with the designated officer whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated or malicious allegations

If an allegation is shown to be deliberately invented, or malicious, the Principal, or other appropriate person in the case of an allegation against the Principal, will consider whether any disciplinary action is appropriate against the pupil(s) who made it, or whether the police should be asked to consider whether action against those who made the allegation might be appropriate, even if they are not a pupil.

Confidentiality

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the LADO, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case. Such records will include:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken and decisions reached (and justification for these, as stated above)

If an allegation or concern is not found to have been malicious, the school will retain the records of the case on the individual's confidential personnel file, and provide a copy to the individual.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

The records of any allegation that is found to be malicious will be deleted from the individual's personnel file.

References

When providing employer references, we will not refer to any allegation that has been proven to be false, unsubstantiated or malicious, or any history of allegations where all such allegations have been proven to be false, unsubstantiated or malicious.

Learning lessons

After any cases where the allegations are *substantiated*, we will review the circumstances of the case with the LADO to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual.

Appendix 4: specific safeguarding issues

Children missing from education

A child going missing from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff are trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of child sexual abuse that occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator.

This can involve violent, humiliating and degrading sexual assaults, but does not always involve physical contact and can happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam.

Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Indicators of sexual exploitation can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Having older boyfriends or girlfriends

- Suffering from sexually transmitted infections or becoming pregnant
- Displaying inappropriate sexualised behaviour
- Suffering from changes in emotional wellbeing
- Misusing drugs and/or alcohol
- Going missing for periods of time, or regularly coming home late
- Regularly missing school or education, or not taking part in education

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSL and Safeguarding Team will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care and support EHA where appropriate.

So-called 'honour-based' violence (including FGM and forced marriage)

So-called 'honour-based' violence (HBV) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBV are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBV or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7.3 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
    - Having difficulty walking, sitting or standing, or looking uncomfortable
    - Finding it hard to sit still for long periods of time (where this was not a problem previously)
    - Spending longer than normal in the bathroom or toilet due to difficulties urinating
    - Having frequent urinary, menstrual or stomach problems
    - Avoiding physical exercise or missing PE
    - Being repeatedly absent from school, or absent for a prolonged period
    - Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
    - Being reluctant to undergo any medical examinations
    - Asking for help, but not being explicit about the problem
    - Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin

- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl:
    - Having a mother, older sibling or cousin who has undergone FGM
    - Having limited level of integration within UK society
    - Confiding to a professional that she is to have a “special procedure” or to attend a special occasion to “become a woman”
    - Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
    - Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
    - Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
    - Being unexpectedly absent from school
    - Having sections missing from her ‘red book’ (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the ‘one chance’ rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority’s designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fmu@fco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Preventing radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils’ behaviour.

The government website Educate Against Hate and charity NSPCC say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

Further information on the school's measures to prevent radicalisation are set out in other school policies and procedures can be found on our webpage.

Self – Harm

Self-harm is any self-injurious behaviour where the intent is to deliberately cause harm to one's own body or suicidal thoughts or actions.

This school is committed to supporting children who self-harm or attempt to self-harm and our full response/commitment is laid out in a separate 'Managing Self Harm Policy' document available on the school website.

The Managing Self Harm Policy document describes the school's approach to self-harm and is intended as guidance for all staff.

Domestic Abuse

Exposure to domestic abuse can have a serious impact on a child's development and emotional well-being and acknowledges that staff, themselves, can be victims or perpetrators of domestic abuse.

Our response on Domestic Abuse is set out in the Child Protection guidance from the PSCB (please see www.swcpp.org.uk and search 'domestic abuse').

Non-collection of children

If a child is not collected at the end of the session/day, we will:

Try to make contact with home and the child will remain with a member of the reception team and the Safeguarding Team contacted.

Student to remain in school with an appropriate staff member until contact with home is made.

If contact is not made with Parents the DSL or Safeguarding Team will contact with Social Care.

Missing pupils

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, we will:

Make contact with Parent as soon as possible requesting they report the child missing to the police.

Follow local approved guidelines on reporting students missing.
