

**Key**

Acute

Obtuse

Right angle

**Can I recognise and identify acute and obtuse angles?**

Acute angles are less than/more than  $90^\circ$ .

Obtuse angles are less than/more than  $90^\circ$ , but less than/more than  $180^\circ$ .

Choose 3 colours, fill in the key, then colour the angles as appropriate.

Use a protractor to measure the angles.
