Academic Year 2019/20

Issue No: 5

Date 4th Oct 2019

Hello from Mrs Hunter

I have just come from this morning's celebration assembly. I know that for myself, Mr West and Miss Spragg these are one of the highlights of our week. This is not just because it marks the near arrival of the weekend! It is because it gives us the chance to come together and share some smiles, hear what people have been up to and say congratulations to successes and efforts. This morning we celebrated: great learning behaviours; stars of the week; those Going for Gold; cross country runners; Year 3 artists taking part in a competition; dog trainer of the week and those who have been achieving recognition from Children's University. What a fabulous way to spend half an hour! Last week when we had our visiting Ofsted team in there was a moment when I had wished they had been in for the Friday assemblies – they are like a time capsule of the week and give a flavour of what a special place we are all part of.

We have ten more days until the half term break. We have Parents' Evenings in the last week. However, if there is something that is niggling away at you, causing you some worry or uncertainty please don't wait until that meeting to talk with the class teacher. We do the best for our children when we keep in touch all the time and then we can tackle things as and when they arise. So if there is something on your mind, pop in and see us and we can work out who is the right person for you to talk to.

Have a great weekend and we will see you next week.

Mrs Hunter ☺

Hi Parents and Carers,

The amount of time that children spend on devices is often a cause of concern to many of us and conflicting reports about it often appear in the news. There is some great advice about balancing screen time and the benefits of online activity on the internet matters website.

The advice about screen time is arranged by age groups:

0 - 5 screen time advice
