

Foundation Home Learning

Please remember home learning should be fun! Don't worry if you do not have time at a weekend - just if and when you can!

Primary School
*Learning Together
Achieving Success*

25th – 29th March 2019

This week in Foundation we have been talking all about Spring! The beautiful sunshine has inspired us all to learn about the changes that happen during Spring time and the celebrations we have at this time of year. The children have talked about what makes their Mum's and special people in their lives unique, and why they love them. Foundation have created some beautiful Mother's Day cards, to show you all how much they love you! We are also beginning to think about all of the new things which grow in the world around us during Spring, talking about the green leaves beginning to grow on trees, the beautiful flowers which are starting to blossom and the new animals starting to be born.

We have also explored the story 'Superworm'- who is "super long and super strong!" We have enjoyed ordering different objects by length, spotting the longest and shortest objects in a group. We have even been ordering Superworms and made our own worms out of socks! Can you order the length of any objects at home?

The glorious weather this week has meant that the children have been able to spend a lot of time outside enjoying the heat. We have been exploring our environment, playing in the sandpit and playing football. Ben and Len have even ventured outside on some afternoons to soak up the sunshine alongside the children!

This week Foundation have been learning to keep fit! We had a special guest from 'Rugby Tots' come in and teach us how to play rugby. The children thoroughly enjoyed this session as many of them were learning to play a new sport. This week's **Home Learning** has been inspired by this exciting session! To make the most of the beautiful sunshine, can you try out a **NEW** outdoor activity/sport, maybe something that you have always wanted to try? This could be playing badminton in the back garden, taking a football to play at the beach or even flying a kite! We would love to see pictures and videos of all of the new activities you try out on Tapestry.

Dates for this term:

Coffee Morning - It is so lovely to see Parents, Carers and Family members at our Foundation Coffee morning every Tuesday 8.40-9.30. Please do pop in for a cuppa and a chat if you are free.

Monday 1st April: Big Pedal Week - children to bring bikes or scooters to school each day, please leave outside in our front Foundation area

Friday 5th April: End of term

✚ After the Easter Holidays on the first three days back, we are learning about a new country - China. If you have any contacts with Chinese restaurants or any have photos or books about China, please do share them with us.
