

# Foundation Home Learning

Montpelier  
Primary School

*Learning Together  
Achieving Success*

10<sup>th</sup> - 14<sup>th</sup> September 2018

Wow - what a super first week we have all had! The children have settled well and enjoyed learning in their new environment. We have focussed on our school, new routines and rules to follow. The children have met the class puppets Rodney, Harry and Alan and they have taught them how we look, listen and are kind to our friends. We have introduced Dojos and our traffic light behaviour system (please see behaviour policy for more information). This weekend as part of your child's home learning, can they tell you what they have learnt about our rules and routines? If they would like to make a poster of picture of one of our puppets we would love to display them on our Art Gallery in class.
