

Dear Parent/ Carer

As part of our space topic we have been very fortunate to book the Spacelab Planetarium on Thursday 12th October 2017. The Spacelab is a self-contained darkened classroom which the children will enter and learn more about space.

We are seeking a voluntary contribution of £2.10 (to cover costs) by Wednesday 4th October 2017. **Please do not send in any cash to school as Montpelier Primary School is now cashless.** Parents can go online now to school money and pay through the system.

Children will not be treated differently according to whether or not their parents have made a voluntary contribution. However, if you do have difficulty paying, feel free to talk to one of us. Any contribution will be appreciated, even if not the full amount. The activity may need to be cancelled if there are insufficient voluntary contributions.

Kind Regards

The Foundation Team
