Academic Year 2021/22

Issue No: 26

Date 1st April 2022

Hello from Mrs Hunter

This week I talked with the children about change. We talked about a change of winter to spring (and back!), of caterpillars to butterflies and of players on the football pitch. We then talked about why change can be good: a fresh start, learning something new, getting a new perspective or getting new energy levels. I then explained that we are going to have a change here and explained my new job. I likened it to moving from the manager of a football club where they see me all the time to becoming the Director of Football. I am still involved in the club but they won't see me so often.

I have never had a career plan. Instead I have loved each job I have been lucky enough to have and thrown myself into it until such time that I think perhaps it might be time to consider something new. Until a couple of weeks ago I was still making plans for Montpelier for September and thinking about what I wanted us to achieve in the new school year. But then out of the blue, I had the opportunity to apply for the brand-new position of Assistant Director of Education within our trust. This will involve working alongside the Director of Primary to lead school improve across our ten (and growing) schools. I had thought that I might have been able to do this on a part time basis alongside my Montpelier headship but was asked to take this post on full time from September. It is an incredible opportunity and I am very honoured to have been asked. While it is going to be so hard to finish my final headship in our wonderful school, I am so glad that I will start be part of Montpelier as I will be working with everyone still in my new role. In the meantime, we have months left together yet and I will make sure that they are positive ones.

Thank you for your unending support. My headteacher colleagues in other schools are always envious when I talk of your positivity, patience and understanding.

Happy weekend. Mrs Hunter ☺
