

# Meet The Team!

# Welcome to Year 2 Spring Term!

We are very excited to kick-start the Spring Term and introduce our new topic to the children 'First Flight and Man on the Moon'. The children will take part in many different learning opportunities this term and they will even get to design, make and evaluate their very own space buggy. We are hoping that our postponed Year 2 sleepover will also be able to take place later in the term. Listen out for lots of animal discussion as we learn all about living things and their habitats.

Miss Tapp

Mrs Landricombe

## Topics

For the first half term, our topic will be...

### First Flight and Man on the Moon

We will then move on to...

### The Great Outdoors

Full details of each topic will be available on the school website.

## PE

Year 2's PE days are: **Monday, Tuesday, Wednesday and Friday**. The children need to come into school wearing their PE kit on a **Tuesday ONLY**.

## Home Learning

We will not be sending home reading records this year, however, please continue to read with your child as often as possible, this is vital to your child's development and will support them with all areas of their learning. As a school, we recommend that an adult should read with a child at least x3 a week. Children will bring books home to share with you. Please send in pictures or videos of your child reading at home to their class teachers' email address. Look out for a special cuddly visitor visiting your home as part of our reading incentive for the children- 'Read-o-saurus'. Children will be taught a new spelling rule each Monday and spellings will be sent out that evening for them to practice at home. A WOW Write will take place the following Monday. We will also be teaching the 2,5 and 10 multiplication tables this year in fun and exciting ways, moving onto the 3's towards the end of the academic year. If your child would like some extra home learning opportunities linked to our topic, please see Google Classroom. Your support in helping your child to learn their spellings and times tables at home is invaluable – thank you!

## Questions & Queries

Please see a member of the Year 2 Team on the door if you have any immediate questions or call the school office. For non-urgent matters please email your child's class teacher and we will get back to you as soon as we can.
